Juvenile Seriously Injured in Car Accident on Liberty Point

Pueblo, CO: The Pueblo County Sheriff's Office continues to investigate a one-vehicle accident at Liberty Point in Pueblo West that left a juvenile passenger with serious injuries but non-life threatening. Two other passengers and the driver sustained minor injuries.

Deputies responded to the 1300 block of Liberty Point Blvd. at about 5:30 a.m. today on a report of a traffic accident. When deputies arrived, they found the vehicle involved in the accident, but it was abandoned.

Deputies later learned a male juvenile passenger had been taken to a local hospital with injuries sustained in the accident. The victim was transported to a Colorado Springs hospital for further treatment of his injuries.

A preliminary investigation determined the driver of a 2014 Chevy Cruz was traveling southeast on Liberty Point Boulevard at a high rate of speed when it rounded a curve and went off the left side of the roadway hitting a large boulder.

A juvenile male driver and the two other passengers were later identified and questioned in connection with the accident. The investigation continues. Charges could be forthcoming.
